

VOTE FOR OLIVER AND BREAK

THE C. P. R. MONOPOLY. . . .

For twenty years Western development has been paralyzed and Western enterprise hampered by the restrictions and exorbitance of railway monopoly. For twenty years the people of the west have cried without ceasing for relief from this octopus which held the country in its grasp. The opportunity is given them on November 3rd. to endorse the protestations of a decade or to place in power a Government bound by voice, vote and resolution to repudiate the Grand Trunk Pacific contract. A vote for Oliver is a vote for a second transcontinental railway built as quickly as men and money can do it, with Edmonton a divisional point on the main line

MEETING AT SUNNYSIDE

A very successful meeting in the interests of Frank Oliver M.P., was held in Sunnyside school house on Saturday evening. Dr. Forin and C. de W. McDonald spoke in favor of Mr. Oliver, while J. C. F. Gown addressed the meeting on behalf of Mr. Secord. The meeting was largely attended and the different speeches were followed very closely. Dr. Forin spoke first, J. C. F. Gown spoke next, and only used fifty minutes of the hour and a quarter granted him. C. de W. McDonald followed, and Dr. Forin added a few remarks to close the meeting at the invitation of the chairman. The meeting closed with enthusiastic cheers for Mr. Oliver.

POLITICAL MEETINGS

Frank Oliver returned last evening from a week's trip through the eastern part of the Edmonton constituency. Ten meetings were addressed by Mr. Oliver.

At the meetings at Josephburg and Star he was assisted by Rev. Mr. Hagar, who spoke in the German language to the electors of that nationality who were present. At Star, Westok, Andrews, Paken, Whitford, Soda Lake, Warwick, and Monastery he was assisted by Mr. Gowda, who addressed the Russian electors in their own language, and also translated Mr. Oliver's remarks. Mr. Secord was represented by Mr. Moran, of Fort Saskatchewan, and was given every opportunity to address the electors in English, German and Russian.

The meeting advertised for Ross Creek did not take place as owing to a late start and the long drive from Monastery Mr. Oliver did not reach the Ross Creek school house in which the meeting was to have been held until the large gathering had dispersed. There was an attendance of over forty.

Everywhere the railway policy of the Government received the strong approval of all classes of the people, and the campaign of misstatement—with the accompaniment of much less reputable means—being made by the opposition party, seems to affect public sentiment against them.

JUDICIAL DISTRICTS

The following appears in a recent issue of the Calgary Herald:

"A meeting of the high court judges at Regina is a very important one and likely to result in the division of the Territories into two districts.

"This division will mean that three judges will make their homes in Calgary. These will be Chief Justice Sifton, Judge Scott, of Edmonton, and the newly appointed member of the bench, Judge Horace Harvey, of Regina."

The Bulletin is informed that no such drastic changes were thought of much less discussed. Edmonton will still have a resident judge. There will be circuits for courts, but the residences of the Judges will remain unchanged. Chief Justice Sifton and Justice Harvey will during the circuit sit in Edmonton and Judge Scott will attend sittings in Calgary and elsewhere. This change is made at the instance of the judges who, under the new arrangement will have little or no personal acquaintance with the parties in the cases which they would be hearing.

The new order appoints sittings to be held regularly in each and every year at the hours of ten o'clock in the forenoon on the days and in the places following:

At Fort Saskatchewan on the last Tuesday in January, May and October.

At Edmonton on the First Tuesday in February June and November.

At Wetaskiwin on the first Tuesday in March, July and December.

At Red Deer on the last Tuesday in January, May and October.

CAMPAIGN NOTES

If you want railway competition, and if you are keen to have it soon support the present administration.

There were 13,000 more home-steaders in the Territories last year than during the entire 18 years of Conservative rule. Is it time for a change?

This is the opinion of the late Sir John A. Macdonald upon the question of Government ownership and operation of railways:

Why, sir, it is actually impossible for the Government to run that railroad satisfactorily. The men that we put on the road, from the scriber upwards, become civil servants. If one is put on from any cause whatever, he is said to be a political hack. If he be removed it is said his removal was on account of his political opinions. If a cow is killed on the road, a motion is made in respect to it by a member in the House who has the owner's vote as support. The responsibility, the expense, the worry, and the annoyance of a government having charge of such a work are such that for these causes alone it was

considered advisable to get rid of the responsibility."

Calgary Albertan: There is no man in the North-West Territories that the Conservatives of both East and West would rather defeat than Frank Oliver. For this reason the inducement of Edmonton being the capital of a new province in the west is being held out before the people of Edmonton to draw that worthy representative.

POLITICAL RALLIES

The Liberal committee rooms over the Great West Saddlery were crowded Friday evening to hear the questions of the day discussed. The utmost enthusiasm prevailed. Splendid speeches were delivered by Rev. A. Hagar who told of how the German population of this constituency were thoroughly in accord with the progressive policy of railway development and competition as instituted by the present liberal government, by C. de W. McDonald, W. A. Deyl, Dr. Forin, A. Ratray, Dr. Clendenan, and others. A large number of people who have scarcely taken any interest in politics before are now taking an active part in the campaign for the election of Frank Oliver in support of a government that is desirous of giving the West a national highway to the Pacific through Edmonton and with complete control of freight rates. The meeting closed with hearty cheers for Frank Oliver and the Liberal Government.

A very successful meeting in the interests of Frank Oliver was held in Splan school house Saturday evening. Forcible addresses were given by J. R. Boyle and O. M. Biggar. The meeting closed with three cheers for Mr. Oliver.

A meeting on behalf of Mr. Secord at Sturgeon valley was addressed by W. A. Griesbach and Mr. Wright on behalf of the Conservative candidate and by W. J. Webster on behalf of Mr. Oliver. Mr. Webster exposed the weak points in the opposition arguments, the sympathy of the audience being largely in accordance with his views.

Saturday night's rally in the Liberal committee rooms was a pronounced success and great enthusiasm prevailed. The large hall was crowded. Stirring and practical speeches were delivered by Chas. Cross, A. E. May, Dr. Forin, Jno. Howey, C. May, Jno. McClellan, and Dr. Clendenan.

THE MUKDEN SITUATION

Position of Rival Armies on the Shakhe Remains Unchanged. Kuropatkin Maturing Important Plans. Russians Cross the Tai ze River.

Bulletin Special Despatch.

St. Petersburg, October 24, 3:05 a. m.—There is no change in the relative positions of the armies on the Shakhe river. Gen. Sakharoff telegraphs that the Russians have been bombarding Lamung and the Buddhist temple at Linshing while the Japs have been shelling the Russian position at Shakhe and near Linshing.

An Associated Press despatch from Mukden reports that the Japs are fortifying an important height south of Shakhe and that neither side shows a disposition either to advance or to retire.

Another Associated Press despatch from the Russian front says the situation is not yet ripe for the resumption of the offensive. This meagre but significant admission, all that the censor allows to pass over the wires, doubtless indicates that Gen. Kuropatkin is maturing important plans and distributing his forces in readiness for another attempt to break the Japanese resistance.

The roads are now dried by the wind and frost. The cold is intense and flooded fields have been frozen, thus military movements are facilitated though at the same time it will be more difficult to carry on trenching work.

An Associated Press despatch from the Russian front gives a rumor that the Russian force has made a detour to the west arriving abreast of Liao Yang but there is no confirmation of this report. Greater importance is attached to a report that 200 Russians have crossed the Tai ze river.

STAR

Dr. and Mrs. Archer spent a few days last week at Vegreville and during their absence Dr. Donald of the Port was summoned to attend Miss Laura Yerex who has been very ill with pneumonia, but who is, we are pleased to say, convalescent at present.

W. Williams, teacher at Whitford, visited friends here on his way to the teacher's convention at Strathcona.

Miss Gertrude Alton, of Partridge Hill, is visiting friends here.

Bridge foreman Alton and his crew completed the sheet piling of the bank near the bridge, where the dangerous washout has threatened the lives of the traveling public all summer. They have made a splendid job and the rapidity with which the men perform their work shows that they all understand their business.

A very large and enthusiastic audience greeted Mr. Oliver on Tuesday evening. Several ladies were present. Dr. Archer was chosen chairman and in a few words introduced the speakers. Mr. Oliver spoke for upwards of an hour, and was listened to with wrapt attention. Mr. Secord was ably represented by Mr. J. Moran, of Fort Saskatchewan, who also received a good hearing, although he failed to carry conviction to his hearers. The people feel that Mr. Frank Oliver has fought their battles for them for years, and they will show their confidence in him on November 3.

Rev. Gasley, late of British Columbia, is taking the Presbyterian work at Star for the winter months. He and Mrs. Gasley were visiting the people in this part this week.

Threshing is the order of the day. We do not lack for machines this year, as two new outfits have been added to those already here, viz., Mr. Sam Campbell's and Mr. Jno. McLean's.

Rev. and Mrs. Forbes, of Fort Saskatchewan, and Mr. and Mrs. Dixon of Hamilton, Ont., were the guests of Mr. and Mrs. Torrie, this week. Mr. J. K. Smith is attending the S. S. Convention at Calgary this week.

October 19.

BON ACCORD MEETING

A meeting called in the interests of Mr. Secord was held in Bon Accord Saturday evening. It was addressed by W. A. Griesbach and Mr. Wright on behalf of Mr. Secord, and by O. M. Biggar and Mr. Dawson on behalf of Mr. Oliver. About twenty-five were present, three of whom showed by their applause to be supporters of Mr. Secord. Messrs. Biggar and Dawson's speeches were given a hearty reception.

LOCALS

—Liberal rally in Oliver's committee rooms this evening.

Both candidates in the Edmonton constituency have been invited to be present and deliver addresses. Up to the present only Mr. Oliver, the Liberal candidate, has accepted the invitation.

—Messrs. W. Richardson, of G. F. and J. WHAT COSTS MOST

WHOLE lot of people fancy the cigar business is a snap! They figure out that all you need is some cases of tobacco, a few cigar makers, and the name of some stage favorite or prominent man.

The quality of the filler does not interest them at all—the binder is beneath their notice—but the wrapper and the name is all important.

They can sell this kind of cigar at \$55.00 a thousand, give a gold watch into the bargain, and then make a good size profit.

The principal cost of Pharoahs is in tobacco—I buy the best filler in the world—a Cuban leaf—one I select myself from the best of the Manicure district, in the Province of Santa Clara—a Connecticut broad leaf as binder, the most expensive in the world—and I import a clear leaf Sumatra from Holland as wrapper.

I secure by this means a superb cigar, a fragrant, even smoker—very palatable—very superior to the ordinary run of cigars.

AT THE CHURCHES.

The services at the Presbyterian church yesterday were taken in the morning by the Rev. D. G. McQueen, and in the evening by W. M. Parsons, field secretary of the Y. M. C. A. of Minneapolis. Mr. Parsons' address was similar to that delivered at the afternoon meeting in Robertson Hall.

J. G. Shearer, general secretary of the Lord's Day Alliance, will deliver an address in McDougall Methodist church this evening.

At the College avenue Methodist church yesterday, the morning service was taken by W. M. Parsons, and the evening services by Rev. W. J. Conaly, B.A. of Leeds.

Rev. W. J. Conaly conducted the morning service in the Kinsistino avenue Methodist church, and Rev. Mr. Cox the evening service.

The annual harvest festival services were held in All Saints' church yesterday, conducted by the Rev. T. A. Gray. The church was specially decorated with flowers, grains, vegetables and fruits. It presented a beautiful appearance. A special service will be held in the church on Thursday evening, at which a harvest cantata will be rendered, and special anthems sung.

At the Baptist church both morning and evening services were taken by Rev. A. M. McDonald. The subject of Mr. McDonald's address was "The Secret of a Nation's Greatness." Special music was rendered.

Y. M. C. A. MASS MEETING

A meeting called in the interests of Y.M.C.A. work in Edmonton was held in Robertson Hall yesterday afternoon at 4.30 o'clock. The hall was comfortably filled. The chair was taken by Mayor Short. The principal address was given by W. M. Parsons, field secretary of the Y. M. C. A. of Minneapolis. Mr. Parsons dealt thoroughly and exhaustively with the aims and objects of Y. M. C. A. work. He paid attention to the work of organization, dealing with it from a standpoint which would tend to make it practicable in Edmonton. He explained the work of the Y. M. C. A. in Brandon, a town similar in point of size. There a \$45,000 Y. M. C. A. building is being erected, \$40,000 for which had been collected in less than two months. A minute description of such a building was given, showing the different departments of which it would consist. Mr. Parsons' address was very forcible, and was listened to with great interest.

At the conclusion of the address it was moved by Dr. Smith, and unanimously carried, that this meeting put itself on record as favoring immediate action towards the establishment of a Young Men's Christian Association in Edmonton.

Short addresses favoring the proposition were delivered by Rev. D. G. McQueen, Mayor Short, Dr. Smith and A. B. Cushing.

At the conclusion of the evening's service in the Presbyterian church a committee meeting was held, and Mr. Parsons explained more fully the work of organization. Mr. Parsons was asked to secure the services, if possible, of Mr. Irving, who is at present in Calgary, who has met very great success in Y. M. C. A. organization work in other localities.

EXCITING RIFLE MATCH

OLD TIMERS VS THE MODERNS

The Old Timers will Donate Two Sacks of Flour to the Public Hospital. The scores.

At the regular practice on Saturday afternoon the much talked of and much postponed hospital match was pulled off with the full team of the Newcomers and four members of the Oldtimers, two of whom, by arrangement with the captains followed on in place of Messrs. W. S. Robertson and W. Pearce, who were unable to be present. Messrs. J. McDonald and F. A. Osborne were selected by their captains for this duty, and while the parties whom they replaced might have put on a somewhat better score, yet it would not have materially affected the result. The Oldtimers were ahead at the 200 yards, but some of them indulged in so much chaffing of the youngsters that they lost their nerve for the 500 yards and fell to pieces there. It was a very pleasant and friendly shoot, and enjoyed by all taking part, the only regret being that the missing members of the Oldtimers team were not on hand to participate.

The following are the scores in this match, showing that the Oldtimers elected themselves to pay for the two sacks of flour for the Public Hospital, the brand of which is left entirely to themselves, as their captain will see to it that no inferior is "dumped" on his favorite institution.

F. McNaughton...	24	32	27	83
S. S. Brown...	27	27	24	83
W. E. Heist...	27	26	12	65
W. L. Gibbard...	26	26	26	78
W. S. Weeks...	31	29	16	76

Of the other members present only Messrs. Newell and McWhinnie completed the three ranges their scores being—

	200	500	600	110
C. J. Newell...	28	26	22	76
T. McWhinnie...	29	14	9	57

The light which was very dull at the beginning, gradually brightened in the consequent clearing of the sky, and the sun assisted the shooting until early in the 600 yards when the light began to fade, making high scoring difficult for those shooting in the latter squads at the range.

Should the weather permit, and sufficient ammunition be procurable there will be another practice next Saturday, which will close the season, as the Strathcona Association, which kindly helped out the local association with ammunition last Saturday, only have a small quantity left.

Due notice will be given of this practice and if held it will enable a couple of ties in the medal competition to be shot off, viz., between Messrs. W. L. Gibbard and W. Pearce for third place in the aggregate and Messrs. Newell and McWhinnie for second place in the Junior 200 yards.

The order of merit in Saturday's shoot was as follows: and the best scores of Mr. J. McDonald only being counted—

1. S. S. Brown; 2. F. McNaughton; 3. W. L. Gibbard; 4. C. J. Newell; 5. W. S. Weeks; 6. G. A. Reid; 7. J. F. Forbes; 8. F. A. Osborne; 9. H. B. Spratt; 10. J. McDonald; 11. W. E. Heist; 12. T. McWhinnie.

These results showed lack of practice on the part of some usually good marksmen.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 30 acres substantial.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART.

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

WESTERN NEWS

INTERESTING ITEMS

Clipped from Our Exchanges. Matters Occupying the Attention of Other Western Towns

Strathcona Plaiodealer.—It is with deep regret that we record the death of Mr. Richard Orr, who was accidentally shot last week. It was hardly expected that his injuries would prove fatal, but it appears that an artery burst in his right side, probably as the result of the concussion of the gun, and death resulted on Saturday last from internal bleeding. The funeral took place on Monday last; burial at the Strathcona Cemetery. The deceased was just 22 years of age.

Plaiodealer: Mr. Rutherford states that the charter for the Radial Electric railway to centre at Strathcona, and run to Fort Saskatchewan, to Strawberry Creek, to Cooking Lake and Beaver Lake, to Stony Plain, to St. Albert and Morinville was granted to the promoters under certain terms of construction. Fifteen miles is to be built within three years from date, and the charter will be forfeited as to all parts of the line not completed within seven years. The line going to Fort Saskatchewan must enter the town.

Advocate.—The sugar beets of the Raymond district have done well this season. On land under irrigation there will be a considerably heavier tonnage, yet the unirrigated portion is very promising, and experts claim

that it will yield more saccharine per ton, so that at present it is difficult to say which will pay the producer the best as the factory pays on the graded system, at the rate of \$4 per ton for the beets that test between twelve to fourteen per cent saccharine; \$4.50, from fourteen to sixteen per cent.; and \$5 for any that go over sixteen per cent. Southern Alberta produces beets rich in sugar, so that should the irrigated crop average sixteen per cent those who grow under conditions which produce a still better grading receive no extra remuneration. However, the water rates would, partly, if not entirely, reduce the increased income.

Wetaskiwin is agitating for a pork-packing establishment at that point, and in discussing the question the Times of that town states that 2,500 hogs are shipped from Wetaskiwin annually, and that about 20,000 pounds of cured hams and bacon are imported monthly by merchants and dealers. The Times thinks that the freight both to and from packing-houses at distant points might be saved thereby.

Wetaskiwin Times.—Messrs. Driscoll and McQuillan, the young men who have been looking over this district for some time, as delegates for a large Boer party, now participating in the attractions at St. Louis, went south on Tuesday's train. They inspected the country both east and west of Wetaskiwin thoroughly and are well satisfied with what they saw, and upon their return to St. Louis will recommend that the colony locate in the vicinity of Wetaskiwin. The colony will consist of at least fifty families.

Pincher Creek Echo.—On Wednesday John Lineham, president of the Rocky Mountain Oil and Development Company reached town with the news that one of the company's wells was pumping at the rate of two to three hundred barrels per day. The flow was sudden and steady. Not having the necessary tanks on hand a good deal of the oil has been wasted. On Friday Mr. Lineham left for the oil wells with a tinsmith and a large supply of iron sheeting for tanks. It is the intention of the company to increase the flow. There is now no doubt that oil is there in large quantities, and the company is to be congratulated on the success of its long and faithful prospect, in which large sums have been spent.

Advocate.—Mr. O. Palmer, well known to most of our Lacombe readers as a Hereford breeder, has become interested in growing clover. By the way the "Whiteface" banner in that neighborhood has recovered another strong supporter in the person of P. F. Huntley, a newcomer from across the line. Mr. Palmer has a nice-sized thrifty patch of red clover in his hay field which stood last winter well. It is growing with timothy and some rye grass on a rich black soil, some portions of which are inclined to be sandy and other places damp. The writer examined the roots, carefully digging them up in various places so as to get a fair idea whether the clover bacteria are at work or not. Nodules on the roots were common, which indicates that inoculation is not needed, and also, that with fair winters the clover has come to stay, and will prove of great value as a live stock fodder for the West.

THE BALTIC FLEET

FIRES ON BRITISH FISHING BOATS

Sinks some and badly wrecks others. Bombardment lasted twenty minutes. No explanation given.

BRITISH FISHING FLEET FIRED ON.

London, October 24th.—The steam cutter Macphoe belonging to the James Cook trawler fleet which was fired on by the Russian Baltic fleet yesterday arrived in the Thames to-night. Her captain, Peaker, confirmed the details of the story received from Hull. He says: "Friday night there were about 40 vessels of the James Cook fleet fishing in latitude 55 degrees 15 minutes and longitude 15 degrees 15 minutes. It was a misty, drizzly night. We spread over an area of some miles. Our admiral had just previously signalled by rockets and colored lights the fishing directions for the night, whether that has anything to do with what followed I do not know. The whole thing is a mystery. Presently through the mist there appeared the lights of many vessels big and small. Knowing that the Baltic fleet was enroute we assumed that they were Russian but I cannot say for certain. They were signalling one another and with powerful searchlights spied out every one of our fleet. Suddenly some of their ships started firing at about twenty boats which were nearest to them. We at once supposed that they were blank shots.

The boatswain of the trawler and her skipper state that the trawlers were fishing about 220 miles east by north of Spurn Head at one o'clock Saturday morning, the weather being hazy, when the outlines of several vessels, apparently warships sailing in a line were dimly seen. Whilst the crew were watching the warships searchlights were flashed upon them in the glare of which the Moulmein's crew observed what they took to be torpedo boats approaching apparently with the intention of boarding the Moulmein. They deemed away however and soon the fishermen were horrified to find they were being fired upon. First one and then another trawler was struck by flying shot. What seemed to be a round-shot went through the Moulmein's gallery. The Mino lying near by also was struck with many shots but fortunately the damage was above her waterline and none of her crew was struck. The bombardment lasted about 20 minutes, when it had ceased the fleet sailed southward and some of the trawlers sent up rockets. The Moulmein steered in the direction of the rockets. Soon cries were heard and the Crane was found sinking with another trawler taking off some of her crew. Three seriously injured were removed to a mission ship. The bodies of Smith and Leggett were placed aboard the Moulmein. The other men with minor injuries were put aboard the trawler Seagull which at a late hour had not arrived at Hull.

Crowds have gathered around the dock but no further information is available. Representatives of the fishing fleet started late to-night for London to consult with the authorities there.

No motive can be assigned for the extraordinary procedure of the Russian warships.

THE BALTIC FLEET.

London, October 24.—The Russian Pacific (Baltic) fleet comprising seven battleships and four cruisers passed Dover in three sections between six o'clock this morning and two o'clock this afternoon and later passed east-bound. They were watched by large crowds from the shore. Nothing has been seen of the torpedo fleet which however may have passed during the night as Lloyds at noon reported four Russian torpedo boats passing Ste. Catherine's Point apparently boarding a steamer bound eastward.

A despatch from Sherbourg reports that three Russian torpedo boats escorted by the volunteer cruiser Korea are moored in the roadstead there taking coal, water, etc.
